

# 2021-2022 IMPACT REPORT

**OUR MISSION** is to share God's love by mobilizing the community to provide food and support to the hungry.

As the only full-service and client choice food bank in the greater Folsom community, we are committed to provide nutritious food and support to our neighbors experiencing hunger. We believe that all individuals deserve access to nutritious food with dignity and respect.

## OPERATING OVERVIEW

Monica is a single mother of two children with more month than money. Monica and her kids live in Folsom. She and others like her are your neighbors, classmates and fellow shoppers at the grocery store. Monica is just like you and me, trying to provide a better life for her children, but is living below the poverty level and comes to Twin Lakes Food Bank once a month to receive nutritious groceries for her family.

Not only did we help feed families like Monica's, we were able to assist senior citizens on a fixed income, at-risk students, adults in between jobs and the unhoused.

We saw a **30% INCREASE** of people in need from 2021-2022.

**MORE THAN  
1 MILLION  
MEALS SERVED**

**ORGANIC  
PRODUCE GARDEN  
3600 POUNDS**
